\* The available capacity shall be allocated in accordance with item 5.10 of the Rules on the access to Chiren UGS. The announced available capacity is for the period 01.05 - 31.05.2013 and shall be proportionally reduced, whereas for each day of the period shall be to the amount of 1.32 mcm/day firm capacity and 0.19 mcm/day interruptible capacity.

\*\*\*Capacity determined with a view to guarantee the security of supply to consumers and maintain the balance between natural gas imports and consumption.

## **CLARIFICATIONS:**

1. Firm and interruptible capacity daily values are determined by dividing the monthly and weekly capacity by the number of days for injection and withdrawal depending on:
  - Filling ratio of the gas in storage and preceding injection/withdrawal rates during the injection/withdrawal season;
  - Repair works and tests/inspections of surface and underground equipment;
  - Interruption of the interruptible capacity due to market or technological reasons;
